

Pricing for Fusion licenses is determined by the number of Fusion instances you intend to deploy. Each deployment of Fusion requires a separate license. There are no restrictions on the number of Nagios XI, Nagios Log Server, or Nagios Core instances that can be integrated with each Fusion deployment.

Regular Price	
1 Instance	\$2,495

What comes with your license?

- + 1 Year of Maintenance
- + 1 Year of Ticket Support (Up to 10 Incidents)
- + Access to our Customer Support Forum
- + Perpetual License
- + Product Influence

Renewals

Renewal of Nagios Fusion provides you with the ability to upgrade your installation with the latest version releases, features, and bug fixes to ensure your environment is safe and secure.

Support & Maintenance renewal provides you with access to new version upgrades of Nagios Fusion for one year, along with direct ticket and Customer-Only forum support.

Renewal Price	
Maintenance & Support	\$2,095

Support Options

Your Nagios Fusion license provides you with access to the Nagios Support Center and up to ten support tickets per year, along with access to our Customer Support Forum. Both options carry a 1 business day response time guarantee.

Phone & Email Support

Need additional support? Gain access to additional priority support services– the fastest way to get a response from our technical team. Support plans require an active license to use, and expire one year after they are purchased.
